An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

At page 1, line 5, before "This" insert:--This application is a 371 of PCT/US03/13311, filed 29 April 2003.--.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or suggest the improvement in stereo selectivity in the resulting tactic polymer observed with the use of a substituted 2-alkylpyridine according to formula I or II of the instant claims wherein at least one of R<sup>d</sup> is a bulky, polycyclic aromatic group. Consistent with line 19, page 9 of the instant specification the term "bulky" is construed as descriptive rather than limitation of "polycyclic aromatic group".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David M. Brunsman whose telephone number is 571-272-1365. The examiner can normally be reached on M, W, F, Sa; 6:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jerry Lorengo can be reached on 571-272-1362. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
